DETAILED ACTION

1. Applicants' amendment filed on April 21, 2006 was received. Claims 2-3 are deleted. Claim 8 is amended. Now, Claims 1 and 4-15 are pending.
2. Claim rejection(s) under 35 USC 112 in the previous Office Action (Paper No. 122405) is/are removed.
3. It is noted that although the amendment filed on March 28, 2006 was not entered, technically the newly added Claim 16 therein will cause confusion during the publishing process of the patent to be issued. Therefore, the following examiner's amendment applies to delete Claim 16.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Delete Claim 16.

Allowable Subject Matter

5. Claims 1 and 4-15 are allowed.

6. The following is an examiner's statement of reasons for allowance:

The present claims are allowable for at least the following reason(s) over the closest reference: Colas (EP 382 338) as evidenced by Butler (EP 251 435).

Colas discloses a composition comprising an MQ resin containing hydroxyl or alkoxy groups and an α,ω -dihydroxy diorganopolysiloxane. The MQ resin containing hydroxyl or alkoxy groups can be prepared by reacting an MQ resin containing SiH groups with an alkenyl group-containing trialkoxysilane. The MQ resin containing SiH can be prepared according to Butler. The composition can be cured by **moisture** (i.e., a crosslinker). Colas composition can read on the **reaction mixture (A)** in the present invention. However, Colas does not teach or fairly suggest crosslinking the composition by a combination of an **organhydrogen polysiloxane** and a **platinum** base catalyst set forth in Claim 1 or by an **organic peroxide** set forth in Claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
